

# Layout of Modules

In order to best serve the students who are going through these courses at their own pace, we have set up the progression of courses in a Module format. All students will begin with Module 1; the other Modules will remain inaccessible. Once a student has completed Module 1, the registrar will advance that student to Module 2 and so on. Except for the first couple of Modules, this layout is tentative. All enrolled students will be informed if any changes are made to the layout of the Modules.

## Module 1 (required of all)

ChCo 101 Introduction to Biblical Counseling (3 credit hours)
